Volunteer Feedback

To Volunteer Mark: Even though we lost my wife on August 19th, your help for us was invaluable and appreciated. You were kind, compassionate, and caring to us in our time of need. Plus, you were so professional in your approach you shared with the entire family and friends present. Thank you again for being a decent human being. - TIP Client

"It wasn't so much as to what was said, but just being here. I was completely lost and in shock and to have someone sit and talk/listen for awhile was incredibly helpful. Walking me through the call to my wife's parent's was also helpful." - TIP Client
